

Good Evening WM Wardens and Brothers,

The route for Virtual Marathon mission has been created. I will be sending my login information to PM Oglesby to ensure it is done properly. We are now ready to solicit sponsorship and donations. WM have a letter already drafted to send for package deal. After a week or so we will launch the mission and run it through April or May 15. Remembering it is for our scholarship endowment. We can't launch until sponsorships are all secured and we have the logos/ branding emblems needed to add to a particular location on the route.

Bro Robinson
