All Past Masters	

These are the core members for these committees for Masonic year 25-26. **Committee chairs have the latitude to enlist any willing and able brother to assist on their committee and to remove members with permission of the WM those who refuse to meaningfully contribute.** Committee chairs are empowered to run their committees how they see fit to accomplish the goals and tasks outlined by the committee chair/chairs.

All committee reports are due to **the Worshipful Master and Secretary the Sunday at 11:59 PM** before our scheduled Thursday meeting. The reports will be emailed to all financial brothers no later than Tuesday of our meeting week. This will allow Brothers the opportunity to read the reports prior to the meeting which will allow the Lodge/committee chairs to address any questions efficiently. Any committee reports not received prior to the deadline will be deemed a negative report for that meeting. The intent of this of this is to empower our committees to work outside the Lodge meeting, prevent committee from being done during the lodge meeting, and providing opportunities for brothers to bond performing the work of the Lodge.
