

Greetings, Worshipful Master, Wardens, and Brothers,

I humbly submit this report on the work of the EA, Bro. Douglas Hobson. Since our last meeting, Bro. Hobson has been working on his knowledge and understanding of the pamphlet. At our last session, he was able to speak through the first part of the book. He has the signs, the grips, and the password down. He also knows and can recite the Bible verse. He was able to get through the obligation with help, but did show he understood the words. He was able to discuss the working tools and their uses. I feel that within the next week, he should be able to stand for proficiency and move forward.
